

A graphic element consisting of three overlapping red diamond shapes, each rotated 45 degrees, creating a complex geometric pattern.

ACM PLASCO

INTERNATIONAL (PVT) LTD.

Crafting Comfort with Therapeutic Precision

Innovative Solutions in
Pet Bottle, HTP, Thermopore & Injection Moulding

PURE PROTECTION PERFECT PACKAGING

Established in 2021, ACM PLASCO is owned and operated by ACM Group, one of Pakistan's renowned business groups with operations spanning large-scale manufacturing, construction, and related sectors. ACM PLASCO prime business activity is to produce pet bottles which include Pet Water Bottles, Juice Filling Bottles, Cooking Oil Bottles and Plastic Chemical Containers, Syrup Bottles, etc.

PET Bottle	Preform Weight	Neck Size	Usage
500 ml Dasani Shape	14 Gram Mixing	30mm Long Neck	Water Bottle
1.5 Liter Dasani Shape	28 Gram Mixing	30mm Long Neck	Water Bottle
500 ml Glass Cleaner	45 Gram Pure	28mm Long Neck	Glass Cleaner/Multipurpose Cleaner
500 ml Dish Wash	30.5 Gram Pure	28mm Short Neck	Dish Wash and other Liquid
1000 ml Dish Wash	41.5 Gram Pure	28mm Short Neck	Dish Wash and other Liquid
1000 ml Hand Wash	45 Gram Pure	28mm Long Neck	Hand Wash and other Liquid
1000 ml Nestle shape	35 Gram Pure	28mm Long Neck	Juice and other Liquid
2000 ml Plain/Nestle shape	45 Gram Pure	28mm Long Neck	Juice and other Liquid

YOUR BRAND OUR BOTTLE

ACM Plasco International ensures its presence across Pakistan and our customer list includes following major clients, supplying customized products which include Juice Bottles, Water bottles, Chemical bottles, Oil Bottles of different sizes etc.

PET Bottle	Preform Weight	Neck Size	Usage
3 Liter Neck Handle	85 Gram Pure	48mm Long Neck	Juice, Cooking oil and other Liquid
3 Liter Neck Handle	100 Gram Pure	48mm Long Neck	Juice, Cooking oil and other Liquid
5 Liter Neck Handle	85 Gram Pure	48mm Long Neck	Juice, Cooking oil and other Liquid
5 Liter Neck Handle	100 Gram Pure	48mm Long Neck	Juice, Cooking oil and other Liquid
5 Liter Neck Handle	114 Gram Pure	48mm Long Neck	Juice, Cooking oil and other Liquid
2 Liter Side Handle	85 Gram Pure	48mm Long Neck	Juice, Cooking oil and other Liquid
3 Liter Side Handle	100 Gram Pure	48mm Long Neck	Juice, Cooking oil and other Liquid
3 Liter Side Handle	114 Gram Pure	48mm Long Neck	Juice, Cooking oil and other Liquid
5 Liter Side Handle	114 Gram Pure	48mm Long Neck	Juice, Cooking oil and other Liquid
5 Liter Side Handle	120 Gram Pure	48mm Long Neck	Juice, Cooking oil and other Liquid

CRAFTED FOR QUALITY DESIGNED FOR YOU

We, with our team are fully conversant that our prime goal is to ensure best quality products with customer satisfaction, which leads us towards sustainable & continuous growth and help us to compete industry leaders.

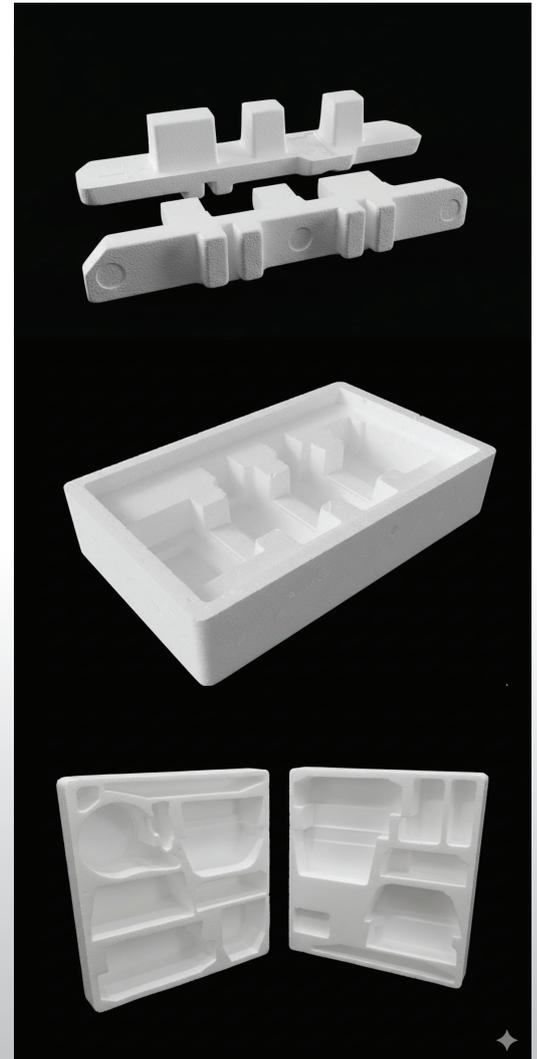

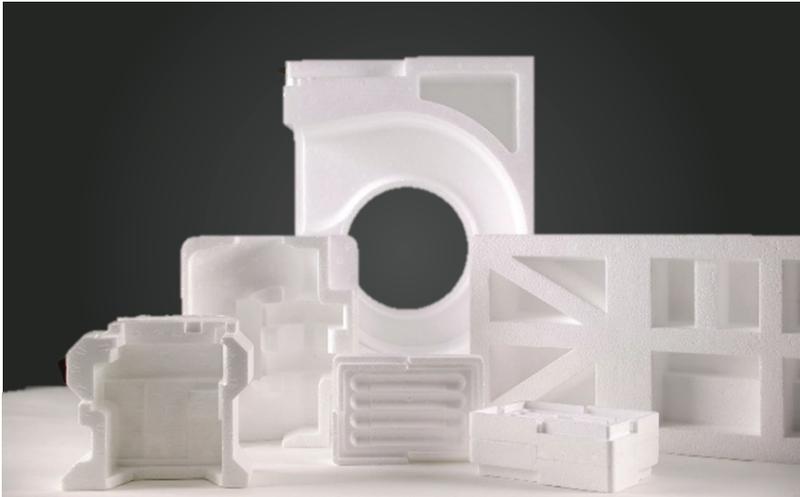

HDPE Can & Bottle	Preform Weight	Neck Size	Usage
250 ml	25 Gram + 2	19mm	Electrolyte and other Liquid Chemicals
550 ml	45 Gram + 2	19mm	Electrolyte and other Liquid Chemicals
1000 ml	100 Gram + 2	50mm Long Neck	Electrolyte and other Liquid Chemicals

THERMOPORE EPS PACKAGING

Industrial Packaging:

We are perfectly sure that there is no equipment, from the electrical, household or electronic instruments being transferred within the country or overseas, by air or sea country to another without a packing tool made of polystyrene, which gives ideal protection to these instruments. The packing material from the polystyrene is manufactured through the molding process with a density ranging between 15 kg/m³ and 25 kg/m³. Mold size: 1400 mm x 1500 mm

LIGHTWEIGHT, DURABLE THERMOPORE SOLUTIONS

Custom Moulding Services:

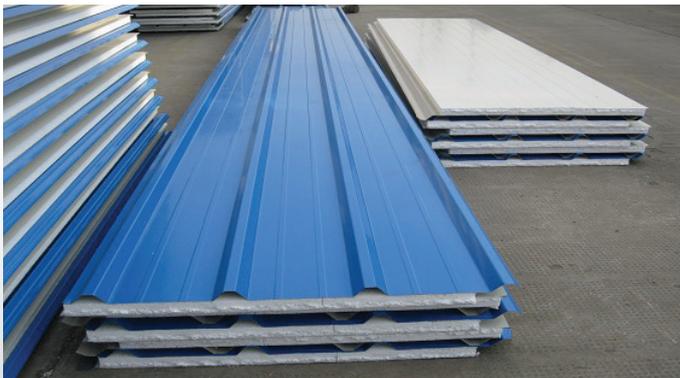

We offer custom molding to manufacture packaging options to your specification utilizing the insulative, moisture resistant and impact resistant properties of expanded polystyrene. EPS packaging achieves significant transport savings compared to other foam packaging materials due to its light weight, resulting in lower fuel consumption. Its exceptional cushioning and thermal properties result in lower damage rates and maintain a secure cold chain for temperature sensitive products.

QUALITY PRODUCTS YOU CAN TRUST

EPS Block and Sheets:

We manufacture EPS blocks and sheets in a wide range of sizes, thicknesses, and densities, tailored to meet client specifications. These products are widely used in roof insulation, wall insulation, and sandwich panel manufacturing, providing excellent thermal performance, lightweight strength, and durability. With their versatility and cost-effectiveness, our EPS sheets and blocks are the preferred choice for construction, industrial, and insulation applications, a density ranging between 8 kg/m³ -30 kg/m³ and block size 20 ft x 4 ft x 2 ft.

PRECISION-DRIVEN MANUFACTURING IN THE INJECTION MOULDING INDUSTRY

Advanced Injection Molding Expertise

At ACM Plasco, we utilize modern injection molding machines and optimized processes to produce complex parts with tight tolerances and excellent surface finish. From low-volume runs to large-scale production, our team ensures every part meets exact specifications and quality standards.

Our capabilities include:

High-precision plastic injection molding

Custom and production tooling support

Consistent repeatability and dimensional accuracy

Efficient cycle times for cost-effective production
